

Class Resource Boxes for Schools in Romania

Schools and kindergartens in rural Romania are often starved of essential resources that teachers and pupils elsewhere take for granted. Here is an opportunity for you to help.

The Romanian Aid Foundation has a full-time aid distribution team in northeastern Romania, and is familiar with conditions in schools there. Age groups range from 4 to 6 for kindergartens and 7 to 10 for the first years of primary school. The list below indicates items that are suitable for inclusion in resource boxes for school classes. **For class boxes, it is better to concentrate on one age group rather than try to cover them all.** You might like to include a card or class photo - your message will be translated by our Romanian team
